

2014 FARM BILL AND FEDERALISM

- ✗ Governor designation of Landscape Treatment Areas
 - + Idaho Early Adopter
 - + > 40 projects identified,
> 20 into implementation
- ✗ Good Neighbor Authority

GNA – IDAHO PANHANDLE NF

- ✘ High levels of commitment by both FS and IDL
 - + Supplemental Agreement December 2016
- ✘ Five Timber Sales on IPNF by end of 2019
 - + 31 MMBF, 3,000 acres, \$7 million value
- ✘ Contracted 24 restoration activities
 - + NEPA, stand exams, cruising, LiDAR, fire support, weeds
 - + Upcoming contracts on road maintenance, aquatic passage

GNA – 5 YEAR ACTION PLAN & PRIORITY AREAS

✘ IPNF Five Year Action Plan

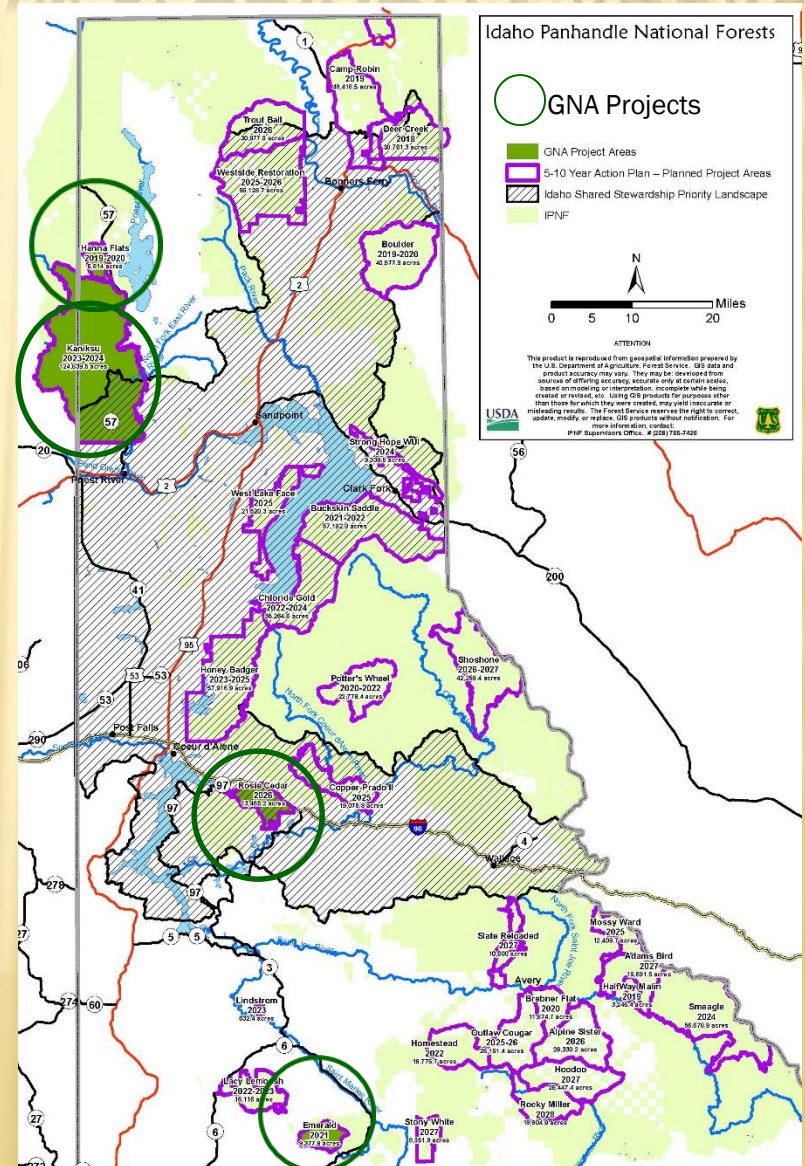

✘ Purple outlines

✘ Shared Stewardship priority landscape

✘ Gray shading

✘ GNA opportunities

✘ Green circles

HANNA FLATS

+ Additive

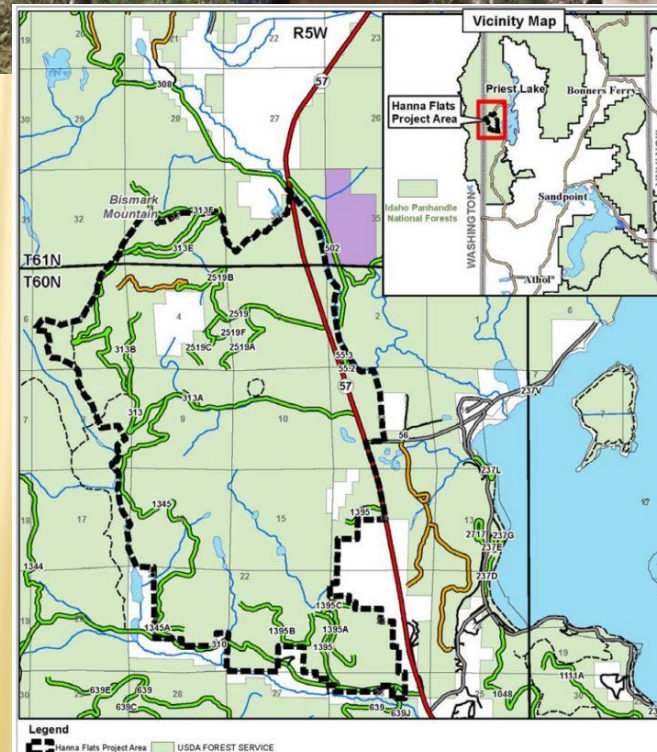

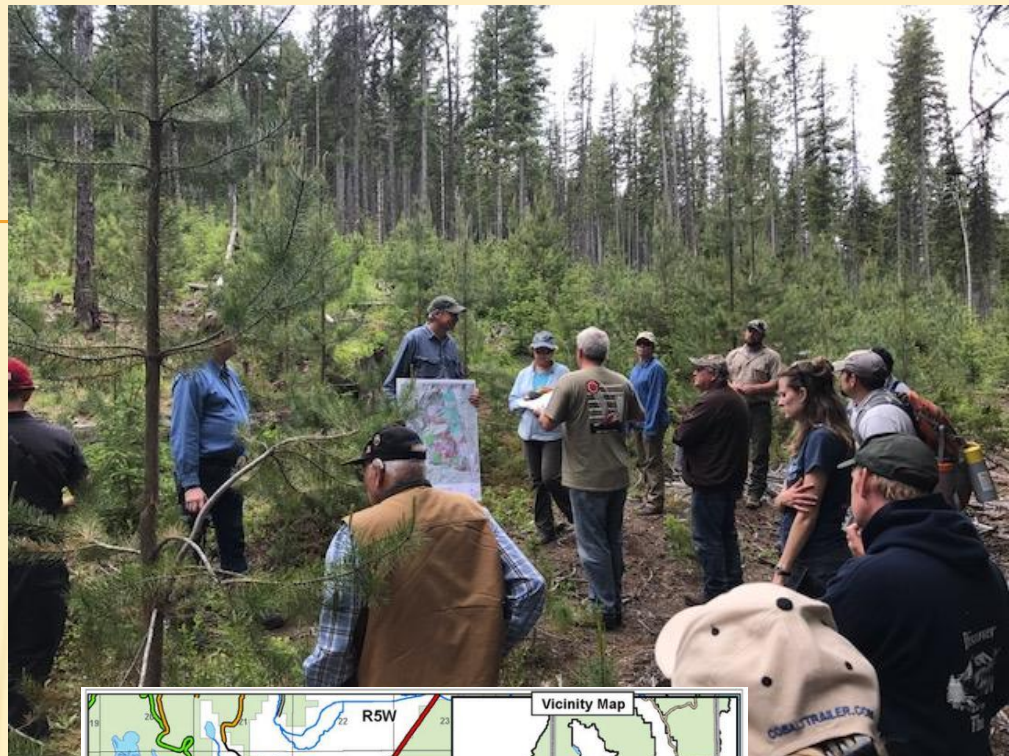

- ✗ Partnering with IDL added another project

+ Blended Team

- ✗ USFS Team Leader
- ✗ IDL contracted wildlife, botany, transportation engineering, heritage/archeology support
- ✗ IDL foresters layout and timber sale preparation

+ Two sales set

- ✗ Hanna Flat GNA 6.5 MMBF, 903 acres, \$1.1 million
- ✗ Thin Lamb GNA 7.3 MMBF, 825 acres, \$1.3 million

UPCOMING PROJECTS

+ Emerald – St. Joe

- ✗ Scope of work for environmental survey
- ✗ Timber sale preparation summer 2020

+ Kaniksu Collaborative Forest Restoration Project

- ✗ GNA contract for data collection and planning on large area

+ Rosie Cedar – Coeur d'Alene River

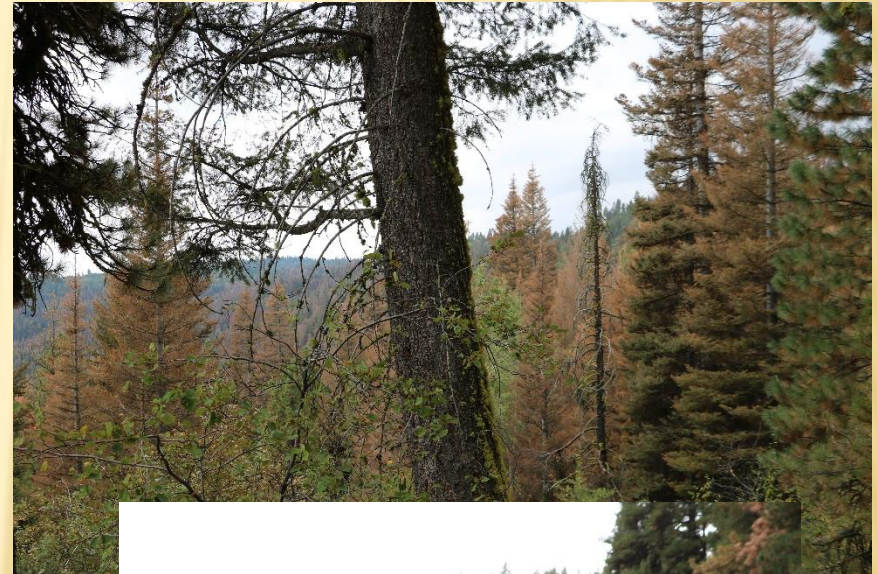

- ✗ Partner with IDL
- ✗ Summer 2019 identify treatment units, create scopes of work for future data needs for summer 2020 field collection

HIGH FORKS GNA PROJECT

- + Objectives – Conduct forest restoration - commercial harvest
 - × 605 out of 913 acres are in Wildland Urban Interface (WUI)
 - × NEPA process included participation from Boise Forest Coalition
- + IDL assisted actions:
 - × Marked, cruised and appraised the timber sale
 - × Awarded and administered the contract
- + Est Volume & Value:
 - × 5.3 MMBF @ \$878,555
 - × 913 acres
- + 2019 Progress to Date
 - × Harvested commenced on 8/19/2019
 - × Sale has been affected by Tussock Moth outbreak of 2018/2019

BOGUS BASIN GNA PROJECT

+ Objectives – public safety and forest health

- ✗ Remove hazard trees from Douglas-fir dwarf mistletoe and bark beetles
- ✗ Replant with ponderosa pine/lodgepole pine
- ✗ Look for opportunities for prescribed burning

+ IDL assisted actions:

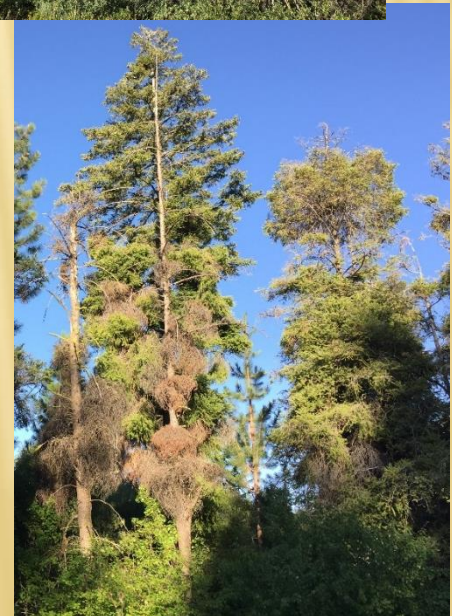

- ✗ Layout and boundary identification
- ✗ Marked, (used IDL marking contract) cruised and appraised the timber sale
- ✗ Awarded and administered the contract

+ Est. Volume & Value:

- ✗ 4,606 MMBF/Low Value Material
- ✗ 1,074 acres

+ 2019 Progress to Date

- ✗ Just sold - direct sale 0.4 MMBF and actively harvesting.
- ✗ Another 0.7 MMBF planned in early September.

WHAT WE'RE LEARNING

- ✗ Provides additional flexibility
 - + Bogus Basin – direct sales to contractor
 - + IDL carried on projects when BNF focus moved to Pioneer Fire Restoration and Recovery projects
- ✗ Opportunities vary by Forest
 - + Some product value on BNF may be marginal
 - + Milling capacity/infrastructure in transition
 - + Distance from mill infrastructure
 - + Soft timber market
 - + Need to coordinate and communicate with neighboring Forests and IDL regularly.
- ✗ Building Relationships
 - + GNA is a work in Progress and we are both learning as we go
 - + We are committed:
 - ✗ Developing relationships and figuring out how to work through our various business norms/practices
 - ✗ Both are putting in a lot of energy and creativity to make it work

DEVELOPING A SUSTAINABLE PROGRAM

Moving beyond proof of concept to a sustainable program
on the Nez Perce-Clearwater

MORE WORK ON THE GROUND

**THE PARTNERSHIP WITH THE
STATE OF IDAHO HAS
CONTRIBUTED TO THE INCREASE
IN ACRES TREATED AND VOLUME
SOLD FROM THE NEZ PERCE -
CLEARWATER NATIONAL
FORESTS.**

**5-10 MMBF ANNUALLY EQUALING
MORE THAN 100-200 JOBS
SUSTAINED IN THE FOREST
PRODUCTS INDUSTRY.**

NPC GNA TIMBER SALES

✖ Wapiti Thin (Lochsa RD)

- + 4.4 MMBF @ \$1.5 million
- + 200 acres

✖ Woodrat Salvage (Lochsa RD)

- + 7.6 MMBF @ \$2 million
- + 350 acres

NPC GNA FUTURE TIMBER SALES

- ✖ Windy-Shingle South (Salmon River RD)
 - + Bid Opening Sept 3rd
 - + 7.6 MMBF and 640 acres
- ✖ Gold Hill #1 (Palouse RD)
 - + 3rd Quarter 2020
 - + 3 MMBF
- ✖ Gold Hill #2 (Palouse RD)
 - + 2nd Quarter 2021
 - + 3 MMBF

PROGRAM REVENUE PROJECTS

PROGRAM REVENUE

Continues to contribute toward the long term success and program acceleration on the NPCLW forest beyond the actual sales and/or fuel projects directly implemented.

- NEPA Staff support to keep the Forest planning program of work moving forward.
- Data collection (such as stand exams) to provide accurate and real time information into our planning and decision making process.
- Monitoring report that will further support our analyses and decisions.
- Road and recreation site maintenance to benefit aquatic resources

Appropriated
Funds
Contributed into
the agreement
for LiDAR
Acquisition.

PROGRAM REVENUE PROJECTS

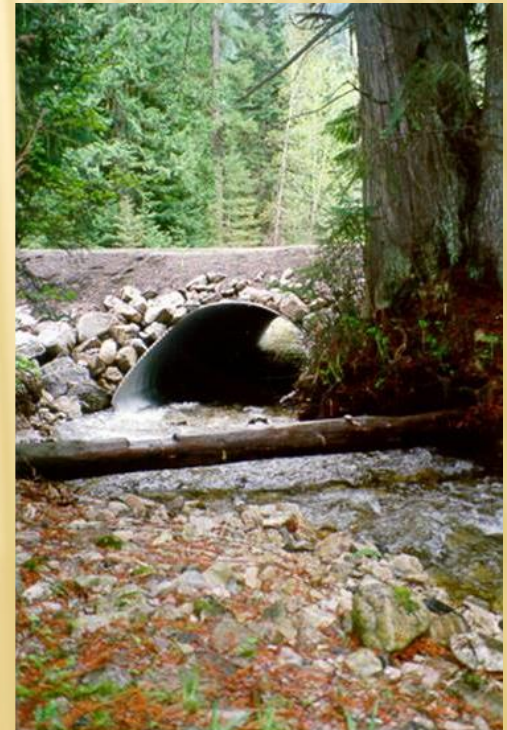

**BENEFITING COMMUNITIES—
PRIOR TO THE 2018 FARM
BILL, WE USED PROGRAM
REVENUE (THEN PROGRAM
INCOME) TO PROVIDE
SUPPLEMENTAL FUNDING
FOR PLANTING IN THE LOLO
CREEK DRAINAGE, OFF NFS
LANDS.**

FUTURE PROGRAM REVENUE PROJECTS

- + Aquatic Organism Passage on roads
- + Recreation site maintenance
- + Contract NEPA (A-Z) for next GNA sale
- + Continue stand exams
 - outyear sale prep
 - data collection and surveys
- + Future new LiDar acquisition

WHAT HAS THIS DONE FOR OUR COMMUNITIES?

- ✘ Current timber sales (including W-S):
 - + **1,190 acres of forested vegetation treated**, primarily in the WUI
 - + **19.6 MMBF sold** (or almost sold)
 - + **431 jobs** created and/or sustained
 - + **\$13 million** in revenue to communities through wages and salaries (1st dollar)
 - + **\$282 million** in revenue to communities through sales of goods and services
 - + Reduced wildland fire-fighting cost and risk
 - + Wildfire restoration on private lands
 - + Riparian site protection and road maintenance
- ✘ Future timber sales--at 5-10 MMBF and 300-600 acres annually:
 - + **110 – 220 jobs** created and/or sustained
 - + **\$3.3 to \$6.7 million** dollars in revenue to communities through wages and salaries
 - + **\$19 to \$38 million** dollars in revenue to communities through sales of goods and services.
- ✘ Economic figures from UI-PAG 2018

WHAT'S NEXT?

- Expand use of GNA for accomplishing our vegetation management program
 - Accelerate to 10-20 MMBF (2+ sales) annually
- Look for opportunities to use GNA to increase fuels acres treated on NFS lands such as service contracts used to increase mechanical treatments.
- Blend the GNA authority with the shared stewardship opportunities
- Continue to implement GNA vegetation projects to the benefit of all local infrastructure to ensure long term lasting benefits to our landscapes and communities.
